

LEE LM6419 6PLACE GLASS STORAGE SYSTEM

GLASS & BUMPER RACKS

“Store or transport glass and bumpers safely”

Grades above the rest! When it comes to storing costly windshields, second best isn't good enough. Our racks are built with structural tubing, completely welded together, and include a welded on mounting bracket for vertical or horizontal storage. Our racks include padded uprights, anti-slip bases, capped tubes, and a powder coated finish. Each unit is made in the U.S.A. and backed with our exclusive *HQ5-Year Warranty*.

LEE LM6422 RIM MASKER

MAGNETIC RIM MASKERS

“The quickest way to mask rims for refinishing.”

A must for any production paint shop. This simple product quickly adjust to fit various size rims, both cars and trucks. Constructed of high quality materials, these rim maskers are backed by our exclusive *HQ-5 Year Warranty*.
