Auto Prep Aerosol

Klean-Strip® Auto Prep Automotive Surface Cleaner is an effective, fast acting wax and grease remover for automotive surfaces. It should be used prior to sanding to prolong the life of sandpaper and again after as a clean-up agent prior to applying top coats. Auto Prep removes old wax build-up before re-application to promote an even, mirror-like finish. It is also great for removing silicone and road film.

Product Number / Size

ESW362 - 13.5 oz. Aerosol

Directions for use ▼

DIRECTIONS FOR USE:

1. Hold can in upright position approximately 8 to 12 inches from surface. Aim button away from you and spray directly onto the area to be cleaned — a hood, a fender, etc.

2. Allow to stand for about a minute and wipe dry with a clean, lint-free cloth frequently to ensure a clean side contacts surface. Replace cloth

IMPORTANT: Carefully read all cautions and directions before use. Pr
