

3M™ Plastic Cleaner
Part Number 39017/60-4400-9654-7

3M™ Plastic Cleaner safely removes fine scratches, stains or haziness from automotive plastics.

Directions For Use:

1. Dispense a quarter size drop of cleaner onto a clean, soft, cotton terry cloth towel.
Apply to the plastic surface using a firm circular motion.
2. Rub until dry, using a clean section of cloth to assist cleanup. Repeat as necessary.

Note: To further enhance the finish, follow with an application of 3M™ Plastic Polish PN 39010.
