

BIG SKY®

PE4000™ C.A.C.™ ACRYLIC URETHANE CLEARCOAT

Good Leveling. OEM Gloss. Good Buffability.

DESCRIPTION

PE4000™ C.A.C.™ is a medium solids, 4.3 VOC, Acrylic Urethane Clearcoat. It provides an OEM gloss and DOI (Distinction of Image) as well as good leveling and chemical resistance. PE4000™ C.A.C.™ has excellent UV protection and very good next day buffability. It works well for general purpose spot repairs, panel repair or complete refinishing.

ADVANTAGES

- Good Flow and Leveling
- Provides OEM Gloss & DOI
- Good Chemical Resistance
- Very Good Next Day Buffability
- Excellent UV Protection
- Works Well for Spot, Panel, or Complete Refinishing
