1K ready to use dry powder

GUIDE COAT

WET OR DRY SANDING GUIDE

Description

U-POL GUIDE COAT is a 1K ready to use dry powder guide coat in an aerosol used to highlight and identify surface imperfections during the sanding stages of fillers primers etc.

Being a dry powder, **U-POL GUIDE COAT** will not cause the clogging and blocking of abrasives associated with black paint aerosols.

U-POL GUIDE COAT is suitable for use with either wet or dry sanding methods.

Surface preparation and instructions for use

U-POL GUIDE COAT can be applied using the preparation procedure shown below.

- Ensure surface is free from dust.
- Shake can thoroughly before use for a minimum of 1 minute.

Health and Safety Statement

FOR PROFESSIONAL USE ONLY. Read full instructions before use.

IMPORTANT: This product contains hazardous materials and therefore appropriate personal protective equipment should always be used. Please refer to the label and consult the material safety data sheet for full handling instructions and personal protection information. These are available via your local stockist or via the U-POL website at

WWW.U-POL.COM. U-POL disclaim any liability where the user does not wear the recommended personal protective equipment

Application

- Apply 1 light even coat over the repair area.

Drying time

Allow 1 minute drying before commencing any sanding operation.

Over-painting

U-POL GUIDE COAT is not suitable for use as a surface coating.
